

PRIMARY UPDATE

Our primary update is about the proposed alterations and additions to the Burgundy Lounge and Bathrooms. The Club is committed to providing first-class facilities that optimise our customer experience.

The Board is currently considering two tenders, with a decision to be made later in the month regarding the successful tender. Our aim is to host an information evening soon to provide more details.

In the meantime, you may have noticed that the outdoor fencing area has commenced as we await structural approval from the Murray River Council.

PERSONAL SERVICE

The Club is committed to encouraging and supporting our employees in their pursuit of excellence in customer service. You will find feedback forms at the reception and Bistro area, and we welcome your feedback.

One of the biggest changes is that the reception area is now operational an additional 4 days, with the welcoming smile of Zahra and a concerted effort by our staff to undertake additional training, resulting in positive outcomes.

In line with that strategy, the Golf Course is now serviced 5 days per week to enable the hire of Golf Carts, Golf Clubs, and the sale of Green Fees.

BOARD OF DIRECTORS

At the beginning of 2024, we welcomed **two new** Board Members, **Jennifer Myers** and **Ross Holland**, to the Tooleybuc Sporting Club.

We are thrilled to have Ross and Jen on board and can't wait to see what great ideas they bring to the Club. Be sure to keep an eye out for their smiling faces!

Every couple of months we print out a 'to do' booklet with all the fun social activities that the club has to offer, including the weekly bingo, poker, darts, and senior movie days. It also gives you details about the Club's facilities such as our mini golf course, our bowls greens and our 18-hole golf course.

Golf Membership Fees Increase

We want to inform you about an upcoming increase in Golf Membership Fees. Tooleybuc Sporting Club has maintained the same fees for many years, but to continue investing in course and equipment improvements, an adjustment has become necessary.

Last year, the Club made significant investments, including \$93,200 in grounds machinery, as highlighted in the Treasurer's Report. This investment is part of our ongoing commitment to enhance the golfing experience for all members. For example, \$64+GST of each membership fee goes towards Affiliation Fees paid to Golf Australia, with the remaining supporting Social Golf Membership at the Club.

We cannot stress enough the importance of using Bookatee, as it helps us accurately gauge course usage and ensures our staff know who is on the course at any given time. Your cooperation in using Bookatee is vital to our operational efficiency and safety management.

To improve safety, we are installing additional protective fencing following a recent incident involving a caravan being hit by a golf ball. This measure, along with amending caravan parking locations, aims to reduce risks and enhance safety for everyone.

In addition, we are realigning some Tee blocks, with the project expected to be completed by June 30, 2024. These changes will increase the difficulty slope rating from 107 to 115 and 118, making the course one stroke harder per 18 holes. We wish you good luck with the new challenge!

Our Club's revenue has been growing, thanks to the following key contributors:

- Buggy Hire and Competition Fees: \$26,891 (up \$21,548 or 303%)
- Green Fees: \$44,600 (up \$31,421 or 238%)
- Golf Membership Fees: \$20,502 (up \$10,619 or 107%)

Thank you for your understanding and continued support.

Extended Course opened 1 May 2024

Andrew Harvie and his team have done a magnificent job improving the greens and bunkers to a much higher standard and from 1 May the difficulty level improved through the extension of the holes to experience the true beauty our river location golf course has to offer.

The new tee block locations has made the course 1 shot harder and the difficulty slope rating increased from 107 to 115.
